In re Application of

CASEY

Application No.: 09/973,975
Filing Date: October 11, 2001
Attorney Docket No.: RWC 01065

DECISION ON PETITION UNDER 37 CFR 1.137(B)

This is a decision on the petition under 37 CFR 1.137(b), filed March 19, 2007, to revive the above-identified application.

The petition is DISMISSED.

The above-identified application became abandoned for failure to reply in a timely manner to the Notice of Allowability mailed September 7, 2006, which set a three month statutory period for response. Accordingly, by operation of law, the above-identified application became abandoned on December 8, 2006.

Under 37 CFR 1.137(b), a petition requesting that an application be revived on the grounds of unintentional abandonment must be accompanied by: (1) the required reply unless previously filed, (2) the petition fee as set forth in 37 CFR 1.17(m), (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional, and (4) a terminal disclaimer if the application was filed before June 8, 1995.

The instant petition does not satisfy requirement (3) above. It is noted that only page 1 of the petition is present in the application file.

Applicant's request for a waiver of the petition fee is refused. The requirement for a reply to the Notice of Allowability has never been vacated in any official commutation mailed by the Office.

Any request for reconsideration of this decision must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.137(b)."

		VARNING:			
Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioners/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
